

**NOTICE (10/03/2011) -- Funding was secured from the International Joint Commission to continue operation of the 04295000 Richelieu River (Lake Champlain) at Rouses Point, NY through 2012. --Twenty-nine lake and streamgages remain unfunded in Federal Fiscal Year 2012 (October 1, 2011 to September 30, 2012). Operation of these sites will be maintained while we seek funding to support operation and maintenance. If not successful at identifying a source of funds, data collection at these sites will be discontinued on March 1, 2012. Although historic data will remain accessible, no new data will be collected unless one or more new funding partners are found.**

**Users who are willing to contribute funding to continue operation of these streamgages should contact Rob Breault or Ward Freeman of the USGS New York Water Science Center at (518-285-5658 or [dc\\_ny@usgs.gov](mailto:dc_ny@usgs.gov)).**
